

Application for Participation in the Customer-Owned Generation Program

INFORMATION: *This application is used by Lumbee River EMC to determine the qualification to participate in the Customer-Owned Generation (COG) Program. Every effort should be made to supply as much information as possible. Upon completion, this application should be returned to the Energy Services Specialist in order to begin processing the request. Please complete an application per meter.*

OWNER/APPLICANT INFORMATION

Legal Name of the Interconnection Customer (or, if an individual, individual's name)

Name: _____

Contact Person: _____

Mailing Address: _____

City: _____ County: _____ State: _____ Zip Code: _____

Facility Location (if different from above): _____

Facility Account #: _____ Facility Meter #: _____

Phone Number: _____ Cell Number: _____

Email Address: _____

PROGRAM RESTRICTIONS

1. You may not use your generation for peak shaving purposes.
2. You must agree to have your generator(s) automatically dispatched by the Cooperative.
3. All load served will be required to have metering that is capable of measuring the consumer's load in fifteen-minute intervals.
4. If the consumer's load is greater than 500 kW, an additional meter on the generator will be required.
5. Prior to being accepted into the COG program, a generator must pass Automation Qualification testing.
6. Operating parameters include the following:
 - Minimum of sixty (60) minutes notification prior to a COG event;
 - Minimum run time of one (1) hour per unit;
 - Maximum run time of eight (8) hours per unit; and
 - Maximum dispatch will not exceed sixty (60) total hours per calendar year.
7. Consumer's subscribing to the Cooperative's COG program must agree not to have their generator(s) down for scheduled maintenance during the months of June, July, or August.
8. Consumers wishing to enroll or remain in the program must notify the Cooperative by October 15 of each year for the upcoming calendar year.
9. Each new generator being subscribed to the program must demonstrate Automation Qualification by December 1, in order to participate in the program in the upcoming year.
10. Requests to alter subscription amount must be made prior to October 15. The cooperative will notify consumer by November 15 if approved.
11. If during the commitment year, the consumer realizes they cannot meet their full obligation; their Guaranteed Load Drop can be adjusted by providing 30 days written notice to the Cooperative.
12. Failure to meet Guaranteed Load Drop may result in reduced monthly compensation.

PROGRAM ALLOCATION COMMITMENT

Generator Make / Model: _____

Fuel Type: _____

Parallel Operation: Y / N

Generator Nameplate: _____ kW

Generator Size: _____ kW

Guaranteed Load Drop: _____ kW

Control Unit Installation: _____ Self Installed _____ Contractor Installed

Contractor/Firm Name: _____

Contractor Contact #: _____

Installation Date Scheduled Y / N

We understand the requirements for participation in the Customer-Owned Generation Program. Based on our own knowledge of our generator capacity and the facility load during potential operating periods, we voluntarily agree to commit to the reduction of our demand by the amount specified above. We further understand that Automation Qualification is required in order to complete the application process.
